### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 13-21 have been canceled in view of the telephone interview dated 12/27/2006, the office communication dated 1/3/2007, and the lack of any response thereto within the permitted time limit (37 CFR 1.144), claims 13-21 being drawn to non-elected embodiments of the invention.

The application has been amended as follows:

**Claims 13-21** have been canceled.

### REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The known prior art does not disclose the claimed gas inflator comprising the spacing means being formed in at least one of the first housing part or second housing part, the spacing means being designed so that in the case of the relative movement of the housing parts with respect to each other, a minimum value of the variable flow area between the first housing part and the second housing part is maintained.

Art Unit: 3641

3. This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
